Malcolm has been working very hard all this year, because he is sitting some examinations this month and he is determined to study History at the University of Oxford. Although the sun has been shining all day today, he has been sitting at home reading about the history of the French Revolution. Fortunately he loves books, especially history books. He spends all his time and money on books.

James is totally different from his brother. He might be too young to know better. He gets bored with school and studying. But he is very keen on games. He never stays indoors when the weather is reasonably fine, and today he has been playing tennis for hours with his friends. He is fond of football, but tennis is his favorite. He said that he wanted to become a professional player. His mother doesn't really approve.

Robin sends you her love. We are looking forward to hearing from you and seeing you soon. I am sending this letter through the e-mail to Auntie Ivy and she will bring it to the hospital with our best wishes to you for a speedy recovery.

Lots of love

Trevor
